Review Report of Independent Accountants

To the Board of Directors and Shareholders
of MediaTek Inc.

Introduction

We have reviewed the accompanying consolidated balance sheets of MediaTek Inc. and its subsidiaries as of September 30, 2023 and 2022, the related consolidated statements of comprehensive income for the three-month and nine-month periods ended September 30, 2023 and 2022, changes in equity and cash flows for the nine-month periods ended September 30, 2023 and 2022, and notes to the consolidated financial statements, including the summary of significant accounting policies (together “the consolidated financial statements”). Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the No. 34, “Interim Financial Reporting” as endorsed and became effective by Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of Review

We conducted our reviews in accordance with Statement of Standards on Auditing No. 2410, “Review of Financial Information Performed by the Independent Auditor of the Entity” of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the Republic of China and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of MediaTek Inc. and its subsidiaries as of September 30, 2023 and 2022, their consolidated financial performance for the three-month and nine-month periods ended September 30, 2023 and 2022, and cash flows for the nine-month periods ended September 30, 2023 and 2022, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard No. 34, “Interim Financial Reporting” as endorsed and became effective by Financial Supervisory Commission of the Republic of China.

MEDIATEK INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

1. Organization and Operation

As officially approved, MediaTek Inc. (“MTK”) was incorporated at Hsinchu Science-based Industrial Park on May 28, 1997. Since then, it has been specialized in the R&D, production, manufacturing and marketing of multimedia integrated circuits (ICs), computer peripherals oriented ICs, high-end consumer-oriented ICs and other ICs of extraordinary application. Meanwhile, it has rendered design, test runs, maintenance and repair and technological consultation services for software & hardware of the aforementioned products, import and export trades for the aforementioned products, sale and delegation of patents and circuit layout rights for the aforementioned products.

2. Date and Procedures of Authorization of Financial Statements for Issue

The consolidated financial statements were authorized for issue in accordance with a resolution of the Board of Directors on October 27, 2023.

3. Newly Issued or Revised Standards and Interpretations

- (1) Changes in accounting policies resulting from applying for the first time certain standards and amendments

MTK and its subsidiaries (“the Company”) applied for the first time International Financial Reporting Standards, International Accounting Standards, and Interpretations issued, revised or amended which are recognized by Financial Supervisory Commission (“FSC”) and become effective for annual periods beginning on or after January 1, 2023. The application of these new standards and amendments had no material effect on the Company.

- (2) Standards or interpretations issued, revised or amended, by International Accounting Standards Board (“IASB”) which were endorsed by FSC but not yet adopted by the Company as at the end of the reporting period are listed below:

Standards or Interpretations Numbers	The Projects of Standards or Interpretations	Effective Dates
IAS 1	“ Classification of Liabilities as Current or Non-current” (Amendment)	January 1, 2024
IFRS 16	“ Lease Liability in a Sale and Leaseback” (Amendment)	January 1, 2024
IAS 1	“ Non-current Liabilities with Covenants” (Amendment)	January 1, 2024
IAS 7 and IFRS 7	“ Supplier Finance Arrangements” (Amendment)	January 1, 2024

MEDIATEK INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

The abovementioned standards and interpretations were issued by IASB and endorsed by FSC so that they are applicable for annual periods beginning on or after January 1, 2024. All standards and interpretations have no material impact on the Company.

- (3) Standards or interpretations issued, revised or amended, by IASB but not yet endorsed by FSC, and not yet adopted by the Company as at the end of the reporting period are listed below:

Standards or Interpretations Numbers	The Projects of Standards or Interpretations	Effective Dates
IFRS 10 and IAS 28	" Consolidated Financial Statements" and " Investments in Associates and Joint Ventures" - Sale or Contribution of Assets between an Investor and its Associate or Joint Ventures (Amendment)	To be determined by IASB
IFRS 17	" Insurance Contracts"	January 1, 2023
IAS 21	" Lack of Exchangeability" (Amendment)	January 1, 2025

- A. IFRS 10 "Consolidated Financial Statements" and IAS 28 "Investments in Associates and Joint Ventures" - Sale or Contribution of Assets between an Investor and its Associate or Joint Ventures (Amendment)

The amendments address the inconsistency between the requirements in IFRS 10 "Consolidated Financial Statements" (IFRS 10) and IAS 28 "Investments in Associates and Joint Ventures" (IAS 28), in dealing with the loss of control of a subsidiary that is contributed to an associate or a joint venture. IAS 28 restricts gains and losses arising from contributions of non-monetary assets to an associate or a joint venture to the extent of the interest attributable to the other equity holders in the associate or joint venture. IFRS 10 requires full profit or loss recognition on the loss of control of a subsidiary. IAS 28 was amended so that the gain or loss resulting from the sale or contribution of assets that constitute a business as defined in IFRS 3 "Business Combinations" (IFRS 3) between an investor and its associate or joint venture is recognized in full.

IFRS 10 was also amended so that the gain or loss resulting from the sale or contribution of a subsidiary that does not constitute a business as defined in IFRS 3 between an investor and its associate or joint venture is recognized only to the extent of the unrelated investors' interests in the associate or joint venture.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

The abovementioned standards and interpretations issued by IASB have not yet been recognized by FSC at the date of issuance of the Company's financial statements, the local effective dates are to be determined by FSC. As the Company is currently determining the potential impact of the standards and interpretations listed under A. All other standards and interpretations have no material impact on the Company.

4. Summary of Significant Accounting Policies

Statement of Compliance

The consolidated financial statements of the Company for the nine-month periods ended September 30, 2023 and 2022 have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers ("the Regulations") and IAS 34 "Interim Financial Reporting" as endorsed and became effective by FSC.

Basis of Preparation

The consolidated financial statements have been prepared on a historical cost basis, except for financial instruments that have been measured at fair value. The consolidated financial statements are expressed in thousands of New Taiwan Dollars ("NT\$") unless otherwise stated.

Basis of Consolidation

Preparation principle of consolidated financial statements

Control is achieved when MTK is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, MTK controls an investee if and only if MTK has:

- (1) power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee),
- (2) exposure, or rights, to variable returns from its involvement with the investee, and
- (3) the ability to use its power over the investee to affect its returns.

When MTK has less than a majority of the voting or similar rights of an investee, MTK considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (1) the contractual arrangement with the other vote holders of the investee;
- (2) rights arising from other contractual arrangements;
- (3) MTK's voting rights and potential voting rights.

MEDIATEK INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

MTK re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

Subsidiaries are fully consolidated from the acquisition date, being the date on which the Company obtains control, and continue to be consolidated until the date that such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using uniform accounting policies. All intra-group balances, income and expenses, unrealized gains and losses and dividends resulting from intra-group transactions are eliminated in full.

A change in the ownership interest of a subsidiary, without a change of control, is accounted for as an equity transaction.

Total comprehensive income of the subsidiaries is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

If loses control of a subsidiary, it:

- (1) derecognizes the assets (including goodwill) and liabilities of the subsidiary;
- (2) derecognizes the carrying amount of any non-controlling interest;
- (3) recognizes the fair value of the consideration received;
- (4) recognizes the fair value of any investment retained;
- (5) reclassifies the parent's share of components previously recognized in other comprehensive income to profit or loss, or transfers directly to retained earnings; and
- (6) recognizes differences in profit or loss.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

- 19. MTK Wireless Limited established MediaTek North America Inc. in June 2022.
- 20. MTK Wireless Limited established MediaTek Poland sp. z o.o. in January 2023.
- 21. MTK Wireless Limited established MediaTek Technology USA Inc. in June 2023.
- 22. For the purpose of reorganization, Beijing Ilitek Technology Co., Ltd. has been liquidated in November 2022.

The financial statements of all the consolidated subsidiaries listed above had been reviewed by auditors.

Except for the accounting policies listed below, the same accounting policies have been followed in the consolidated financial statements for the nine-month periods ended September 30, 2023 and 2022 as were applied in the preparation of the Company's consolidated financial statements for the year ended December 31, 2022. For the summary of other significant accounting policies, please refer to the consolidated financial statements for the year ended December 31, 2022.

- (1) Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted and disclosed for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events.
- (2) According to the temporary exception in the International Tax Reform – Pillar Two Model Rules (Amendments to IAS 12), deferred tax assets and liabilities related to Pillar Two income tax will not be recognized nor disclosed.

Interim period income tax expense is accrued using the tax rate that would be applicable to expected total annual earnings, that is, the estimated average annual effective income tax rate applied to the pre-tax income of the interim period. The average annual effective income tax rate is estimated by current income tax expense only. Deferred income tax is recognized and measured according to IAS 12 "Income Tax" and follows the same accounting policies of the Company's annual consolidated financial statements. When income tax rate changes occur in interim period, the effect on deferred income tax is recognized in profit or loss, other comprehensive income or equity at once.

5. Significant Accounting Judgments, Estimates and Assumptions

The same significant accounting judgments, estimates and assumptions have been followed in the consolidated financial statements for the nine-month periods ended September 30, 2023 and 2022 as were applied in the preparation of the Company's consolidated financial statements for the year ended December 31, 2022. Please refer to the consolidated financial statements for the year ended December 31, 2022.

Vanchip increased capital by cash in several tranches in 2022, and the Company did not subscribe to the new shares proportionate to its original ownership interest. Its ownership was therefore reduced to 24%. Since the Company does not have the ability to direct the relevant activities of Vanchip and therefore does not have control, the Company accounts for the Vanchip investment using the equity method.

Subsidiary Hsu-Ta Investment Corp. won two seats of the board of directors of Zilltek Technology Corp. since November 2022. Since Hsu-Ta Investment Corp. can exercise significant influence over Zilltek Technology Corp. through its board of directors but still does not have a control, Hsu-Ta Investment Corp. reclassified Zilltek Technology Corp. from equity instrument investments measured at fair value through other comprehensive income-noncurrent to investments accounted for using the equity method.

The investment in Yuan Ke (Pingtan) Investment Fund Limited Partnership originally accounted for using the equity method was dissolved and Gaintech Co. Limited lost its significant influence effective from November 2022.

In accordance with IAS 16 and IAS 23, the Company capitalized depreciation expense and interest expense arising from right-of-use assets and lease liabilities in the amount of NT\$17,174 thousand and NT\$11,141 thousand for the three months ended September 30, 2023, respectively, and in the amount of NT\$51,522 thousand and NT\$33,423 thousand for the nine months ended September 30, 2023, respectively. The interest rate of the capitalization was 0.925% for the three months and nine months ended September 30, 2023.

(11) Investment property

The Company's investment properties include both owned investment properties and investment properties held by the Company as right-of-use assets.

The Company has entered into commercial property leases for its owned investment properties with terms between 40 and 50 years. These leases include a clause to enable upward revision of the rental charge on an annual basis according to prevailing market conditions. The investment properties held by the Company as right-of-use assets with non-cancellable period of 3 to 50 years. Some of these contracts provide the Company options to extend the leases.

(13) Impairment testing of goodwill

The Company has no intangible assets with indefinite lives. Goodwill acquired through business combination has been allocated to a cash-generating unit which is expected to benefit from synergies of the business combination and has been assessed for impairment of the recoverable amount of goodwill at the end of each year. The recoverable amount has been determined based on the value-in-use calculated using cash flow projections discounted by the pre-tax discount rate from a five-year period financial budget. The projected cash flows reflect the change in demand for products and services. The Company had assessed for impairment of the recoverable amount of goodwill on December 31, 2022. The Company did not identify any impairment of goodwill for the year ended December 31, 2022.

(18) Post-employment benefits plans

Defined contribution plan

MTK and its domestic subsidiaries adopt a defined contribution plan in accordance with the Labor Pension Act of the R.O.C. MTK and its domestic subsidiaries have made monthly contributions of 6% of each individual employee's salaries or wages to employees' pension accounts. Subsidiaries located in the People's Republic of China will contribute social welfare benefits based on a certain percentage of employees' salaries or wages to the employees' individual pension accounts. Pension benefits for employees of foreign subsidiaries are provided in accordance with the local regulations.

Pension expenses under the defined contribution plan for the three months ended September 30, 2023 and 2022 were NT\$748,984 thousand and NT\$655,925 thousand, respectively. Pension expenses under the defined contribution plan for the nine months ended September 30, 2023 and 2022 were NT\$2,101,113 thousand and NT\$1,847,967 thousand, respectively.

Defined benefits plan

MTK and its domestic subsidiaries adopt a defined benefit plan in accordance with the Labor Standards Act of the R.O.C. The pension benefits are disbursed based on the units of service years and the average salaries in the last month of the service year. Two units per year are awarded for the first 15 years of services while one unit per year is awarded after the completion of the 15th year. The total units shall not exceed 45 units. Under the Labor Standards Act, MTK and its domestic subsidiaries contribute an amount equivalent to 2% of the employees' total salaries and wages on a monthly basis to the pension fund deposited at the Bank of Taiwan in the name of the administered pension fund committee.

Pension expenses under the defined benefits plan for the three months ended September 30, 2023 and 2022 were NT\$4,284 thousand and NT\$3,692 thousand, respectively. Pension expenses under the defined benefits plan for the nine months ended September 30, 2023 and 2022 were NT\$12,853 thousand and NT\$11,058 thousand, respectively.

D. Retained earnings and dividend policy

According to the MTK's previous version of Articles of Incorporation, current year's earnings, if any, shall be distributed in the following order:

- a. reserve for tax payments;
- b. offset accumulated losses in previous years, if any;
- c. legal reserve, which is 10% of leftover profits. However, this restriction does not apply in the event that the amount of the accumulated legal reserve equals or exceeds MTK's total capital stock;
- d. allocation or reverse of special reserves as required by law or government authorities;
- e. the remaining net profits and the retained earnings from previous years will be allocated as shareholders' dividend. The Board of Directors will prepare a distribution proposal according to laws and regulations and the procedures and principles specified in the Articles of Incorporation and report such distribution to the shareholders' meeting or submit the same to the shareholders' meeting for review and approval by a resolution.

On May 31, 2022, MTK's shareholders resolved to amend the Articles that the distribution of profits or the covering of losses may be made on a half-yearly basis after the close of each half fiscal year. The Board of Directors shall prepare relevant proposals per applicable laws and regulations and the procedures and principles specified in the Articles of Incorporation and report such proposals to the shareholders' meeting or submit the same to the shareholders' meeting for review and approval by a resolution.

When allocating the profits, MTK shall first estimate and reserve the taxes to be paid, offset its losses per laws and regulations, and set aside a legal reserve at 10% of leftover profits provided that the legal reserve requirement shall not apply in the event that the amount of accumulated legal reserve has reached the amount of the paid-in capital of MTK, then set aside or reverse a special reserve in accordance with relevant laws or regulations or as requested by the authorities in charge. For the distribution of profits for the first half of each fiscal year, MTK shall also estimate and reserve the employees' compensation and remuneration to directors per applicable laws and regulations and the provisions specified in the Articles of Incorporation.

Based on the authorization from the Articles of Incorporation as mentioned above, Board of Directors may resolve (by a majority vote in a meeting attended by over two thirds of the Directors) to distribute cash dividends and report such resolution to the shareholders' meeting.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

Shareholders' dividends may be distributed in the form of shares or cash and cash dividends to be distributed may not be less than 10% of total dividends to be distributed.

According to the Company Act, MTK needs to set aside amount to legal reserve unless where such legal reserve amounts to the total paid-in capital. The legal reserve can be used to offset the deficit of MTK. When MTK incurs no loss, it may distribute the portion of legal reserve which exceeds 25% of the paid-in capital by issuing new shares or by cash in proportion to the number of shares being held by each of the shareholders.

Pursuant to existing regulations, MTK is required to set aside additional special reserve equivalent to the net debit balance of the other components of shareholders' equity. For any subsequent reversal of other net deductions from shareholders' equity, the amount reversed may be distributed.

The appropriations of earnings for 2022 and 2021 were resolved by the Board of Directors' meeting on February 24, 2023, and the general shareholders' meeting on May 31, 2022, respectively. The details of the distribution are as follows:

(21) Share-based payment plans

Certain employees of the Company are entitled to share-based payments as part of their remuneration. Services are provided by the employees in return for the equity instruments granted. These plans are accounted for as equity-settled share-based payment transactions.

Employee stock option plans of MTK

In August 2013, MTK was authorized by the FSC, Executive Yuan, to issue employee stock options of 3,500,000 units, each unit eligible to subscribe for one common share. The options may be granted to qualified employees of MTK or any of its domestic or foreign subsidiaries, in which MTK's shareholding with voting rights, directly or indirectly, is more than fifty percent. The options are valid for ten years and exercisable at certain percentage subsequent to the second anniversary of the granted date. Under the terms of the plan, the options are granted at an exercise price equal to the closing price of MTK's common shares listed on the Taiwan Stock Exchange Corporation ("TWSE") on the grant date.

Detail information relevant to the share-based payment plans are as follows:

Date of grant	Total number of options granted	Total number of options outstanding	Shares available for option holders	Exercise price (NT\$) (Note)
2013.08.22	1,436,343	-	-	\$ 368.0

Note: The exercise prices have been adjusted to reflect the change of outstanding shares (e.g. shares issued for cash, the appropriations of earnings, issuance of new shares in connection with merger, or issuance of new shares to acquire shares of other companies) in accordance with the plan.

The compensation cost was recognized under the fair value method and the Black-Scholes Option Pricing model was used to estimate the fair value of options granted. Assumptions used in calculating the fair value are disclosed as follows:

	Employee Stock Option
Expected dividend yield (%)	2.43%
Expected volatility (%)	32.9%-33.7%
Risk free interest rate (%)	1.18515%-1.65%
Expected life (Years)	6.5 years

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

Restricted stocks plan for employees of MTK

On July 5, 2021, the shareholders' meeting approved to issue gratuitous restricted stocks for employees, at a total of 19,080,000 common shares. MTK shall set up the actual issuance date(s) in one tranche or in installments within one year from the date of receipt of the effective registration of the competent authority.

MTK issued 8,381,181, 157,274, 272,034 and 201,938 gratuitous restricted stocks on August 31, 2021, February 23, 2022, August 31, 2022 and February 23, 2023, respectively. The issuance process was granted effective registration by the securities authority.

The fair value of the restricted stocks issued was NT\$824.81-NT\$901, NT\$1,024.8-NT\$1,120, NT\$610.31-667 and NT\$681.68-745 per share, respectively. The estimated compensation expenses amounted to NT\$7,468,849 thousand in total based on the vesting conditions and will be recognized during the vesting period. As of September 30, 2023, MTK had recognized NT\$6,714,380 thousand as compensation expense and NT\$718,317 thousand as unearned employee compensation, which were recorded under salary expense and other equity, respectively.

The restricted stocks plans for employees were evaluated under the fair value method. Assumptions used in calculating the fair value are disclosed as follows:

	Restricted stocks plan for employees
Expected volatility (%)	40%
Risk free interest rate (%)	0.24%
Pricing Approach	Monte Carlo Simulation

Restrictions on the rights and vesting conditions of the first restricted stocks for employees of the 2021 plan are as follows:

- A. To issue common shares of MTK with gratuitous issue price.
- B. Employee's continuous employment with the Company through the vesting dates, with no violation on any terms of the Company's employment agreement, employee handbook, or policies and achievement of both personal performance criterion and the Company's operation objectives (including Total Shareholder Return) during the vesting period, are eligible to receive the vested shares. The maximum portions of the vesting shares of 2022 are 34%, and the cumulative maximum portions of vesting shares from 2022 to 2023 and 2022 to 2024 are 67%, 100%, respectively. The actual portions of the vesting shares shall be determined by achievement of both personal performance and the Company's operation objectives.

- C. During the vesting period, employees may not sell, pledge, transfer, give to another person, create any encumbrance on, or otherwise dispose of, restricted employee shares, excluding inheritance.
- D. During the vesting period, the rights of attending shareholders' meeting, proposal, speech, resolution and voting, etc., are the same as those of the common shareholders', and the rights will be exercised by the custodian organizations according to the trust contracts.

Restrictions on the rights and vesting conditions of the second restricted stocks for employees of the 2021 plan are as follows:

- A. To issue common shares of MTK with gratuitous issue price.
- B. Employee's continuous employment with the Company through the vesting dates, with no violation on any terms of the Company's employment agreement, employee handbook, or policies and achievement of both personal performance criterion and the Company's operation objectives (including Total Shareholder Return) during the vesting period, are eligible to receive the vested shares. The maximum portions of the vesting shares of 2023 are 50%, and the cumulative maximum portions of vesting shares from 2023 to 2024 are 100%. The actual portions of the vesting shares shall be determined by achievement of both personal performance and the Company's operation objectives.
- C. During the vesting period, employees may not sell, pledge, transfer, give to another person, create any encumbrance on, or otherwise dispose of, restricted employee shares, excluding inheritance.
- D. During the vesting period, the rights of attending shareholders' meeting, proposal, speech, resolution and voting, etc., are the same as those of the common shareholders', and the rights will be exercised by the custodian organizations according to the trust contracts.

Share-based payment plans of subsidiaries

On November 29, 2021, Board of Directors of Airoha Technology Corp. approved the option plans for Taiwanese employees and foreign employees. The total units of the stock options are 2,155,464 units for Taiwanese optionees and 1,111,727 units for foreign optionees, each unit of employee stock options is eligible to subscribe for one common share of Airoha Technology Corp. The options may be granted to qualified employees of Airoha Technology Corp. or any of its domestic or foreign subsidiaries. Settlement upon the exercise of the options will be made through the issuance of new shares by Airoha Technology Corp. The rights of the new shares are the same as those of common shares.

MEDIATEK INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

The issuance date, the exercisable periods and the exercise price of the Taiwanese employee stock options were determined to be on January 3, 2022, from January 3, 2022 to January 7, 2022 and NT\$264 per share, respectively. The options have all been exercised, with January 10, 2022 being the record date of the capital increase. Relevant regulators' approvals have been obtained and related registration processes have been completed.

The issuance date of foreign employee stock options was determined to be on January 10, 2022. The option holders of the employee stock options may exercise the options within two months after the date that the stocks of Airoha Technology Corp. are listed on a centralized exchange market and the designated accounts required by the relevant regulators are opened. The exercise price ranged between NT\$67 to NT\$137 per share. In accordance with the plan, the number of exercisable shares is subject to adjustments in the situation that Airoha Technology Corp. increases its capital through the capitalization of retained earnings or capital surplus. On February 8, 2022, the general shareholders' meeting of Airoha Technology Corp. resolved to issue 41,573 thousand new common shares through capitalization of capital surplus. Accordingly, the number of exercisable shares was adjusted upward by 441,986 common shares. The incremental fair value thus incurred would be recognized as an expense during the remaining vesting period.

Airoha Technology Corp. adopted the fair value method to determine the compensation cost and the Black-Scholes Option Pricing Model was used to estimate the fair value of options granted. Assumptions used in calculating the fair value are disclosed as follows:

	Employee Stock Option
Expected dividend yield (%)	0.00%
Expected volatility (%)	35.91%-54.66%
Risk free interest rate (%)	0.41%
Expected life (Years)	0.01-1.61 years

The expected life of the shares options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

f. Other information relating to leasing activities

Subsidiary Hsu-Yuan Investment Corp. (“Hsu-Yuan”) signed a contract with Railway Bureau, MOTC (“RB”) to obtain land use right. The contract contains variable payment terms that are linked to certain percentages of sales generated from the leased land. As such variable lease payments do not meet the definition of lease payments, those payments are not included in the measurement of the assets and liabilities. The variable rental payment will be 1% (when Hsu-Yuan’s sales range between NT\$350,000-430,000 thousand), 2% (when Hsu-Yuan’s sales range between NT\$430,000-520,000 thousand), and 3% (when Hsu-Yuan’s sales exceed NT\$520,000 thousand) of Hsu-Yuan’s sales, respectively.

B. The Company as a lessor

Please refer to Note 6.(11) for details on the Company’s owned investment properties and investment properties held by the Company as right-of-use assets. Leases of owned investment properties are classified as operating leases as they do not transfer substantially all the risks and rewards incidental to ownership of underlying assets.

The Company has entered into machinery and equipment lease agreements with terms from the year 2020 to 2025. These leases are classified as finance leases as they transfer substantially all the risks and rewards incidental to ownership of the underlying assets.

According to the Articles of Incorporation of MTK, no lower than 1% of profit of the current year is distributable as employees' compensation and no higher than 0.5% of profit of the current year is distributable as remuneration to directors. However, MTK's accumulated losses shall have been covered (if any). MTK may, by a resolution adopted by a majority vote at a meeting of Board of Directors attended by two-thirds of the total number of directors, have the profit distributable as employees' compensation in the form of shares or in cash; and in addition thereto a report of such distribution is submitted to the shareholders' meeting. Information on the Board of Directors' resolution regarding the employees' compensation and remuneration to directors can be obtained from the "Market Observation Post System" on the website of the TWSE.

MTK accrued employees' compensation and remuneration to directors based on a specific rate of profit for the nine months ended September 30, 2023, and 2022. If the estimated amounts differ from the actual distribution resolved by the Board of Directors, MTK will recognize the change as an adjustment to income of next year. If the Board of Directors resolves to distribute employees' compensation in stock, the number of shares distributed is determined by dividing the amount of bonuses by the closing price (after considering the effect of cash and stock dividends) of shares on the day preceding the Board of Directors' meeting. The amounts of employees' compensation and remuneration to directors were NT\$250,418 thousand and NT\$25,355 thousand for the three months ended September 30, 2023, respectively. The amounts of employees' compensation and remuneration to directors were NT\$692,012 thousand and NT\$70,066 thousand for the nine months ended September 30, 2023, respectively. The amounts of employees' compensation and remuneration to directors were NT\$422,216 thousand and NT\$16,500 thousand for the three months ended September 30, 2022, respectively. The amounts of employees' compensation and remuneration to directors were NT\$1,376,361 thousand and NT\$83,082 thousand for the nine months ended September 30, 2022, respectively. The employees' compensation and remuneration to directors were recognized as expense.

MEDIATEK INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)****(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)**

A resolution was approved in a meeting of the Board of Directors held on February 24, 2023 to distribute NT\$1,596,127 thousand and NT\$96,000 thousand in cash as employees' compensation and remuneration to directors, respectively. There was no difference between the aforementioned approved amounts and the amounts charged against earnings in 2022.

There was no difference between the actual distribution amounts of employees' compensation and remuneration to directors in 2022 and the amounts charged against earnings in 2021.

	Amount
Net cash acquired from the subsidiary	\$ 13,269
Transaction costs attributable to cash paid	(990,000)
Net cash flow-out on acquisition	\$ (976,731)

The goodwill comprises the fair value of expected synergies arising from acquisition. The goodwill recognized is expected to be fully deductible for income tax purpose.

If the combination had taken place on January 1, 2022, revenue and net income of the Company for the year ended December 31, 2022 would have been NT\$548,849,339 thousand and NT\$118,284,090 thousand, respectively. The amounts are not to reflect the revenue and operating results that the Company could have generated if the merger had been completed at the beginning of the year, nor should it be used as a forecast of future operating results.

(34) Changes in ownership interests in subsidiaries

Changes in ownership of subsidiaries

Airoha Technology Corp. increased capital by cash in January 2022. The Company did not subscribe to the new shares proportionate to its original ownership interest that resulted in a change in ownership interest but control remained. In February 2022, the Company acquired the additional 1.07% of voting shares of Airoha Technology Corp. from other shareholders.

The Company disposed of a portion of Airoha Technology Corp. shares in June 2022. After all the changes mentioned above, the Company's ownership of Airoha Technology Corp. became 76%. As the control over the subsidiary remained, the changes of the ownership interest were accounted for as equity transactions.

The differences between the fair value of purchased equity investments and the increase in the non-controlling interest was NT\$8,603,687 thousand for the nine months ended September 30, 2022, which had been recorded in equity.

B. Fair values of financial instruments

- a. The methods and assumptions applied in determining the fair value of financial instruments:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used by the Company to measure or disclose the fair values of financial assets and financial liabilities:

- (a) The carrying amount of cash and cash equivalents, trade receivables (including related parties), other receivables (including related parties), short-term borrowings, trade payables (including related parties) and other payables (including related parties) approximate their fair value due to their short maturities.
- (b) For financial assets and liabilities traded in an active market with standard terms and conditions, their fair value is determined based on market quotation price (including listed equity securities and bonds) at the reporting date.
- (c) Fair value of equity instruments without market quotations (including private placement of listed equity securities, unquoted public company and private company equity securities) are estimated using the market method valuation techniques based on parameters such as prices based on market transactions of equity instruments of identical or comparable entities and other relevant information (for example, inputs such as discount for lack of marketability, P/E ratio of similar entities and Price-Book ratio of similar entities).

MEDIATEK INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

(d) The fair value of derivative financial instruments is based on market quotations. For unquoted derivatives that are not options, the fair value is determined based on discounted cash flow analysis using interest rate yield curve for the contract period. Fair value of option-based derivative financial instruments is obtained using the option pricing model.

(e) The fair value of other financial assets and liabilities is determined using discounted cash flow analysis; the interest rate and discount rate are selected with reference to those of similar financial instruments.

b. Fair value of financial instruments measured at amortized cost

The carrying amount of the Company's financial assets and liabilities measured at amortized cost approximate their fair value.

c. Fair value measurement hierarchy

(a) Fair value measurement hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole. Level 1, 2 and 3 inputs are described as follows:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly.

Level 3: Unobservable inputs for the assets or liabilities.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period.

(2) Financial risk management objectives and policies

The Company's principal financial risk management objective is to manage the market risk, credit risk and liquidity risk related to its operating activities. The Company identifies, measures and manages the aforementioned risks based on the Company's policy and risk tendency.

The Company has established appropriate policies, procedures and internal controls for financial risk management. The plans for material treasury activities are reviewed by Board of Directors and Audit Committee in accordance with relevant regulations and internal controls. The Company complies with its financial risk management policies at all times.

A. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in market prices. Market prices comprise foreign currency risk, interest rate risk and other price risk.

In practice, it is rarely the case that a single risk variable will change independently from other risk variables; there are usually interdependencies between risk variables. However, the sensitivity analysis disclosed below does not take into account the interdependencies between risk variables.

a. Foreign currency risk

The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expenses are denominated in a different currency from the Company's functional currency) and the Company's net investments in foreign subsidiaries. The Company reviews its assets and liabilities denominated in foreign currency and enters into forward exchange contracts to hedge the exposure from exchange rate fluctuations. The level of hedging depends on the foreign currency requirements from each operating unit. As the purpose of holding forward exchange contracts is to hedge exchange rate fluctuation risk, the gain or loss made on the contracts from the fluctuation in exchange rates are expected to mostly offset gains or losses made on the hedged item. Hedge accounting is not applied as they did not qualify for hedge accounting criteria. Furthermore, as net investments in foreign subsidiaries are for strategic purposes, they are not hedged by the Company.

The foreign currency sensitivity analysis of the possible change in foreign exchange rates on the Company's profit is performed on significant monetary items denominated in foreign currencies as of the end of the reporting period. The Company's foreign currency risk is mainly related to the volatility in the exchange rates for USD and CNY. The information of the sensitivity analysis is as follows:

When NTD appreciates or depreciates against USD by 0.1%, the profit for the nine months ended September 30, 2023 and 2022 decreases/increases by NT\$34,198 thousand and NT\$41,107 thousand, while equity decreases/increases by NT\$211,658 thousand and NT\$203,017 thousand, respectively.

When NTD appreciates or depreciates against CNY by 0.1%, the profit for the nine months ended September 30, 2023 and 2022 decreases/increases by NT\$966 thousand and increases/decreases by NT\$124 thousand, while equity decreases/increases by NT\$21,383 thousand and NT\$24,818 thousand, respectively.

b. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's investment of debt instruments at variable interest rates, bank borrowings with fixed and variable interest rates. Moreover, the market value of the Company's investments in credit-linked deposits and interest rate-linked deposits are affected by interest rates. The market value would decrease (even lower than the principal) when the interest rate increases, and vice versa. The market values of exchange rate-linked deposits are affected by interest rates and changes in the value and volatility of the underlying. The following sensitivity analysis focuses on interest rate risk and does not take into account the interdependencies between risk variables.

The interest rate sensitivity analysis is performed on items exposed to interest rate risk as of the end of the reporting period, including investments and bank borrowings with variable interest rates. At the reporting date, an increase/decrease of 10 basis points of interest rate in a reporting period could cause the profit for the nine months ended September 30, 2023 and 2022 to increase/decrease by NT\$1,168 thousand and decreases/increases by NT\$3,798 thousand, respectively.

c. Other price risk

The Company's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company's equity securities are classified under the category of equity instrument investments measured at fair value through profit or loss and equity instrument investments measured at fair value through other comprehensive income. The Company manages the equity price risk through diversification and placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Board of Directors reviews and approves certain equity investments according to level of authority.

A change of 1% in the price of the listed company stocks classified under equity instrument investments measured at fair value through profit or loss could cause the profit or loss for the nine months ended September 30, 2023 and 2022 to increase/decrease by NT\$1,273 thousand and NT\$1,706 thousand, respectively.

A change of 1% in the price of the listed company stocks classified under equity instrument investments measured at fair value through other comprehensive income could cause the other comprehensive income for the nine months ended September 30, 2023 and 2022 to increase/decrease by NT\$479,163 thousand and NT\$172,759 thousand, respectively.

Please refer to Note 12. (1) B for sensitivity analysis information of other equity instruments or derivatives that are linked to such equity instruments whose fair value measurement is categorized under Level 3 of the fair value hierarchy.

B. Credit risk management

Credit risk is the risk that counterparty will not meet its obligations under a contract, leading to a financial loss. The Company is exposed to credit risk from operating activities (primarily for trade receivables) and from its financing activities, including bank deposits and other financial instruments.

MEDIATEK INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)

(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)

Credit risk is managed by each business unit subject to the Company's established policies, procedures and controls relating to credit risk management. Credit limits are established for all trading partners based on their financial position, rating from credit rating agencies, historical experience, prevailing economic condition and the Company's internal rating criteria, etc. Certain trading partners' credit risk will also be managed by taking credit enhancing procedures, such as requesting for prepayment.

As of September 30, 2023, December 31, 2022, and September 30, 2022, receivables from top ten customers represented 59.76%, 57.27%, and 55.83% of the total trade receivables of the Company, respectively. The credit concentration risk of other account receivables was insignificant.

The Company's exposure to credit risk arises from potential default of the counter-party or other third-party. The level of exposure depends on several factors including concentrations of credit risk, components of credit risk, the price of contract and other receivables of financial instruments. Since the counter-party or third-party to the foregoing forward exchange contracts and cross currency swap contracts are all reputable financial institutions, management believes that the Company's exposure to default by those parties is minimal.

Credit risk of credit-linked deposits, interest rate-linked deposits, exchange-linked deposits, index-linked deposits and convertible bonds arises if the issuing banks breached the contracts or the debt issuer could not pay off the debts; the maximum exposure is the carrying value of those financial instruments. Therefore, the Company minimized the risk by only transacting with counter-party who is reputable, transparent and in good financial standing.

The Company adopted IFRS 9 to assess the expected credit losses. Except for the loss allowance of trade receivables and financing lease receivables which are measured at lifetime expected credit losses, for debt instrument investments which are not measured at fair value through profit or loss and are at low credit risk upon acquisition, an assessment is made at each reporting date as to whether the credit risk has substantially increased in order to determine the method of measuring the loss allowance and the loss ratio. The measurement indicators of the Company are described as follows:

MEDIATEK INC. AND SUBSIDIARIES**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS-(Continued)****(Amounts are expressed in thousands of New Taiwan Dollars unless otherwise stated)**

Level of credit risk	Indicator	Measurement method for expected credit losses	Carrying amount		
			September 30, 2023	December 31, 2022	September 30, 2022
Low credit risk	Credit risk measure belongs to IG category	12-month expected credit losses	\$ 57,102,724	\$ 28,325,072	\$ 23,850,952
	Counter parties with investment grade credit rating				
Credit risk significantly increased	Credit risk measure reduced from IG category to HY category	Lifetime expected credit losses	\$ 1,537,175	\$ 935,130	\$ 3,174,778
	Contract payment overdue 30 days				
Credit-impaired	Credit risk measure belongs to DS category or above	Lifetime expected credit losses	\$ -	\$ -	\$ -
	Contract payment overdue 90 days				
	Other impaired evidence				
Simplified method (Note)	(Note)	Lifetime expected credit losses	\$ 62,667,976	\$ 42,299,764	\$ 67,378,446

Note: The Company adopted simplified method (lifetime expected credit loss) to measure credit risk. It includes notes receivable, trade receivables (including related parties) and financing lease receivables.

Financial assets are written off when there is no realistic prospect of future recovery (the issuer or the debtor is in financial difficulties or bankruptcy).

When the credit risk on a debt instrument investment has increased, the Company will dispose that investment in order to minimize the credit losses. When assessing the expected credit losses, the evaluation of the forward-looking information (which is available without undue cost and effort) is mainly based on the macroeconomic information and industrial information and further adjusts the credit loss ratio if there is significant impact from forward-looking information.

C. Liquidity risk management

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash and cash equivalents, highly liquid equity investments and bank borrowings. The table below summarizes the maturity profile of the Company's financial liabilities based on the contractual undiscounted payments and contractual maturity. The payment amount includes the contractual interest. The undiscounted payment relating to borrowings with variable interest rates is extrapolated based on the estimated interest rate yield curve as of the end of the reporting period.
